- Explosion proof
- Meets New York City Building Code Reference Standard RS 6-1 & 6-1A and Local Law 26

WARRANTY INFORMATION

Any component that fails due to manufacturer's defect is guaranteed for 1 year. The warranty only covers products installed and maintained in accordance with the instructions provided by their respective manufacturer and no warranty is made with respect to any of our products that are otherwise installed or maintained. For full warranty details, visit our Warranty Section.

CONSTRUCTION

The PFST-2X100-C egress tape is made from flexible, photoluminescent polyester film coated with a permanent acrylic adhesive. Engineered to exceed requirements for emergency egress and meet the industry's most rigorous standards.

ELECTRICAL COMPONENTS

The PFST-2X100-C egress tape does not require any type of electrical components.

INSTALLATION

The PFST-2X100-C egress tape is designed for indoor safety application such as signage in building, marine, rail, and military applications. The egress tape must be exposed to ambient lighting or natural sunlight. Fluorescent light exposure is the best and fastest charging light.

DIMENSIONS

Weight : 12.00 lb
