

PHOTOLUMINESCENT SAFETY TAPE

Code: PT

Designed for Floor Applications. Photoluminescent Tapes absorb and store energy from fluorescent light. In the event of an emergency involving blackout or smoke-laden conditions, this tape is immediately visible, providing a safe, illuminated evacuation path. Non-electric easily affixes to walls, handrails, columns, around doorframes, and along stairways and baseboards.

FEATURES

- Non-Toxic, Thin guage polyester film
- Peel-off adhesive backing makes installation easy and low-cost
- Requires 54 LUX (5-ft candles) of fluorescent, metal halide or mercury vapor light to charge material for 60 minutes
- Install indoors only
- Long life expectancy
- High tack backing sticks to rough surfaces
- No future hazmat disposal needed
