THE EXIT LIGHT CO.

RED ALUMINUM PHOTOLUMINESCENT SELF-ADHESIVE 'EMERGENCY EXIT ONLY' SIGN

Code: PTM-EMEX-AL

A simple, Glow in the Dark exit sign.

CONSTRUCTION

The PTM series exit sign is constructed with non-toxic, non-radioactive material. Made from strong rigid aluminum frame.

ILLUMINATION

Under normal lighting conditions, these signs are highly visible. In the event of low or no lighting due to power failure, the lettering on the signs will "Glow in the Dark". (Signs must be "charged" to glow -- requires 54 LUX (5ft candles) of fluorescent, metal halide or mercuty vapor light illumination for 60 minutes).

EMERGENCY OPERATION

Upon failure of the normal utility power, this unit will provide at least 90 minutes of illumination. *This sign must be charged for a minimum of 60 minutes prior to being fully operational.

BATTERY - BATTERY BACKUP

The PTM series exit sign does not require any type of battery to operate; it is 100% power-free.

FEATURES

- Emergency Egress/Safety Sign
- Aluminum frame
- No power or wiring required
- Requires continued exposure to at least 54 LUX illumination
- Indoor use only
- No future hazmat disposal needed
- Not UL Approved

WARRANTY INFORMATION

Any component that fails due to manufacturer's defect is guaranteed for 1 year. The warranty only covers products installed and maintained in accordance with the instructions provided by their respective manufacturer and no warranty is made with respect to any of our products that are otherwise installed or maintained. For full warranty details, visit our Warranty Section.

INSTALLATION

The PTM series sign features drilled holes on each corner for mounting. The sign can be mounted using double sided tape or screws with anchors for optimal support (not included).
