

INSTALLATION INSTRUCTIONS

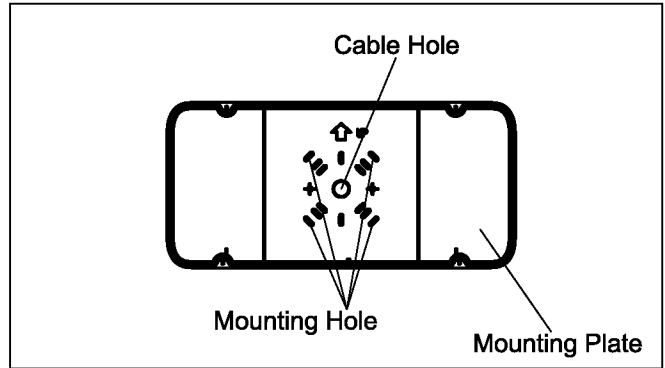

Large Weather Proof Vandal Resistant
Polycarbonate Shield | IP65 Rated | NEMA 4X Rated
Product Code: VR-CO

NOTICE : All servicing should be performed by a qualified personnel only.

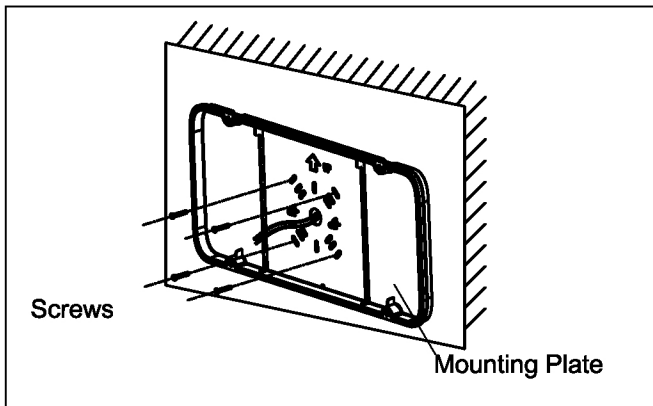

1. Remove the four screws securing the clear cover, then take off the clear cover.

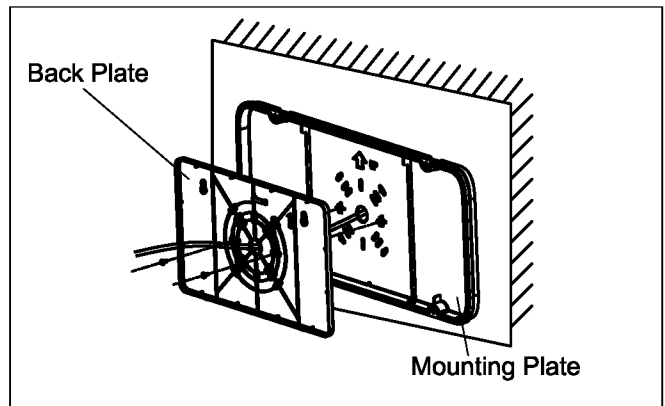

2. Punch out the cable entry hole and the required mounting holes on the mounting plate.

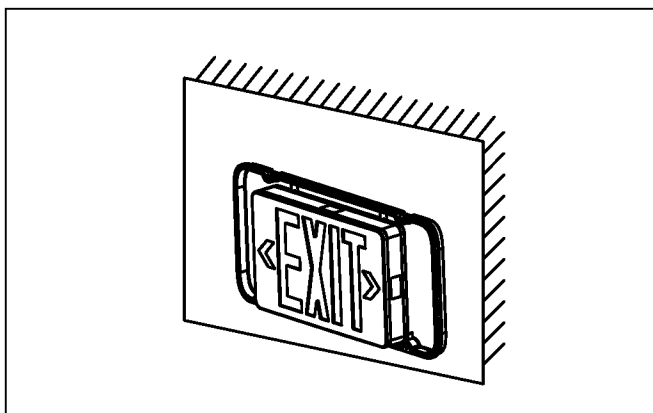

3. Pull the building's power supply cable through the mounting plate, then secure the mounting plate to the installation surface.

4. Attach the emergency fixture's back plate to the waterproof mounting plate, then mount the fixture.

5. Connect the wiring for the emergency fixture according to the emergency fixture's instruction sheet.

6. Once the emergency fixture is fully installed, reattach and secure the clear cover.
